I am seeking to further my skills and education in the IT industry to contribute to innovative and impactful projects.

### **Education**

Eduvos - Bedfordview, Gauteng
Higher Certificate in Software Development - Completed 2024

#### **Relevant Modules:**

- Basic Java Programming (Elective)
- Advanced Java Programming
- Mobile Development (Elective)
- Linux Operating System
- Database Design Concepts
- Database Management (MySQL)
- Program Design
- Software Engineering
- Personal Skills Development
- Computer Literacy (Microsoft)

#### **Cloud Computing and DevOps** (in progress)

**Digital Regenesys** 

### **Pending Qualifications:**

- AWS Certified Developer Associate (DVA-C02)
- AWS Certified Cloud Practitioner (CLF-C02)
- AWS Certified DevOps Engineer -Professional Exam
- AWS Certified AI Practitioner
- AZ-900: Microsoft Azure Fundamentals
- Google Cloud Fundamentals
- Terraform Associate
- Certified Kubernetes Administrator (CKA)
- Docker Certified Associate

#### Other certifications in progress

- CompTIA Network+
- CompTIA A+

### **Projects**

- Bank Mobile App
- Technologies: .NET MAUI, SQLite, XAML, C#

Developed a cross-platform mobile banking app supporting user registration, login, balance viewing, and fund transfers.

Ensures secure data handling with proper validation and encryption.

Overcoming challenges in creating a unified UI across platforms by customizing visual elements.

- Forum Website
- Technologies: Java, JSP, Servlets, Apache Tomcat, MySQL
   Created a web-based forum for topic creation, discussions, and user management.
   Optimized database queries and managed session control to handle peak usage efficiently.
- Antique Auctions Website
- **Technologies:** Java, JSP, MySQL, Apache Tomcat

  Designed a platform for online antique auctions with bidding and product management.

  Integrated validation and audit trails to ensure bid integrity and secure transactions.
- Portfolio Website
- **Technologies:** HTML, CSS, JavaScript, AOS Animation, Gulp, Cloudflare Pages Designed and developed a responsive personal portfolio website to showcase skills and projects.

Implemented a typewriter effect, scroll-triggered animations, and an interactive "Hire Me" form with Formspree.

Deployed using **Cloudflare Pages** with continuous integration via GitHub for fast global delivery.

#### **Technical Skills**

#### **Programming Languages:**

Java, Python, HTML, CSS, JavaScript, PHP, C#

Frameworks & Technologies: JSP, Servlets, .NET MAUI, .NET, XAML, AOS Animation,

Formspree\

Databases: MySQL, SQLite, SQL

#### **Operating Systems:**

Linux, Windows

### **Development Tools & IDEs:**

Apache NetBeans IDE, Visual Studio Code, MySQL Workbench, Apache Tomcat, Git, Gulp

#### **Software Engineering Practices:**

Agile Methodologies, Object-Oriented Programming (OOP), Version Control with Git, Responsive Web Design

#### Cloud & Deployment:

Cloudflare Pages, GitHub CI/CD

# **Personal Skills**

- Strong problem-solving and analytical abilities
- Excellent communication and teamwork skills
- Adaptable to new technologies and challenges
- Detail-oriented, with a focus on clean and efficient code

# Languages

- English (Fluent)
- Zulu (Fluent)
